Vicki: I just received a phone call from Western Utah Copper Corp. They submitted two checks on May 15~~th~~ \$50.00 and 100.00 (for the Maria Mine (M/001/059) and the Midvale Placer- Cactus Tunnel (S/001/060). They said they deposited \$5,000 in the bank on Monday the 20th, and it was not posted until Tuesday- they understand the checks bounced on Monday.

I told them I had not heard anything from you that the checks have been returned to us. If they do, they asked if we could ~~de~~posit them -or if there is any problem let them know and they will get us a cashiers check.

Please let us know if you get any returned checks. Thanks
